- ◆ As of 6:00 PM only those Committee members noted “In Attendance” above were present, as of 6:30 PM no other members arrived (though several had called ahead that they would be unable to attend).
- ◆ While a quorum was present, members in attendance determined that with both the Chair and Vice Chair absent, and the need to have as close to a full committee as possible, it would be preferable to cancel this meeting. In this way it would then allow for more members to attend the next meeting to be held April 27, 2006.
- ◆ With no further business the members adjourned, the next regular CAC meeting will be held June 27 at 6:00 PM.
